

It's that dreamlife  
It's like real life  
But it's better  
If you're real nice  
Then you're really nice  
Want a million  
Then make a milli twice  
But however  
This is dangerous  
You get amazing shit and  
All the strangest shit becomes the craziest  
And then these acquaintances will turn to aliens  
And try to kill you and eat your brains, legit

Because that's dreamlife  
Let it go  
Death and fortune  
Man, you never know  
Well I'm in my bed alone  
I got a solar system and a constant orbit to my metronome  
And I'm in the center, for once  
Well maybe twice  
Cus' dreamlife  
It's like real life  
But it feels nice

Yeah, it's that dreamlife  
It's like real life  
But it feels nice  
I can never stay  
When it's so dark it feels so bright  
I can't get away  
Man, I dread the day, I  
Gotta meet with the secret service  
And beneath the surface I ain't even nervous  
That's dreamlife, I feel a purpose  
I swear I'm always nervous  
But dreamlife thinks differently  
Dreamlife sees a different me  
Who makes history and takes limousines and virginities  
In Italy, drinking white wine in a white house with a nice spouse in my house  
I thought we weren't in Italy, but  
Dreamlife don't like bounds  
It is all seeing and all  
No one got a universe where I'm all being  
And all going  
Got the ball rolling  
I feel so bright  
Got the stars going with my own light  
I've been waiting for the whole day  
For the whole night  
Where it's all right  
Everything's all right

Because that's dreamlife  
Let it go

Death and fortune  
Man, you never know  
Well I'm in my bed alone  
I got a solar system and a constant orbit to my metronome  
And I'm in the center, for once  
Well maybe twice  
Cus' dreamlife  
It's like real life  
But it feels nice

You know that I'm doing whatever I can  
Doing whatever I can  
You know that I'm using the best of my plan  
I really hope you unders-

I've been trying to do what they want me to  
And I've been winning but they want me to lose  
I don't know much more that I have to prove  
I don't know much more that I have to lose

I've been livin' like a (yeah)

I've been, I've been livin' like a king now  
And so every night I would sing loud  
And then the dark everything so quiet but so sound  
So quiet yet so sound  
I've been trying to do what they want me to  
And I've been winning but they want me to lose  
I don't know much more that I have to prove  
I don't know much more that I have to lose
