

Epidemic

Quadeca

Ri-ri-right now, give it, give it to me, to me, me

I wanna be well-respected
With a flow and the listeners will get the message
And so, like ever since I've met my method
I've been told that I really need to get invested
All these different platforms tryna step some leverage
Wanna get up on the mic', spittin' SOS's
it back like some s
They don't get obsessive, I just get rejected
And so, I've been singing every second for three years now, and I've never r
ested
that I'm representin'
Now my conversation I'm dead with mentions
But bro, I'm happy that I get attention
And if , then I'm calling it extra credit
I don't give a f*ck if people say Ben's pathetic
As long as I be getting featured in a thread on Reddit

Yeah, epidemic
The way I'm growing is an epidemic
Never sleeping, but I'm energetic
I just keep the feet in, but I'm empathetic
Like ohh
Epidemic, all these flashing lights like I'm epileptic
I'ma do this shit until I get the message
'Cause the way I'm rollin' really is impressive

I've been making money with my motivation
Getting guap like I am on vacation
I've been talking, y'all ain't in the conversation
I'm a star, I'm in the I love that y'all be looking for the fame

Before and after, yeah, we all the same
Before and after, yeah, we all the same, yeah
I've been livin', now I can't
I've been feeling like the man, yeah, yeah
Turn it on, this is a jam
Never happen 'till I'm playing, yeah
What I'm doing isn't easy money
Get it in my sleep, I call it money
Shit is so damn cheesy, that it's funny
Poppin' out like haunted, yeah they see me coming, see me stuntin'
Yearbook tryna tweet me something that is really something
I will be the one that's got the people jumping
Play that shit, got 808's, the beat is bumpin'
I just need some loving, Shit is fire like a f*ckin' pizza oven
Scheming up like I'm or something
I'm a outlet and I'm really plugging, yeah
