

FIFA 15 Know Yourself Parody

Quadeca

I was runnin' with my Juan Cuadrado
And you know how that shit go, you know how that shit go
You know how that shit go, runnin' with Victor Ibarbo
You know how that shit go (Yeah!), yeah, you know how that shit
go
You know how that shit go, runnin' so fast, and no one is that
fast; they're slow, no!
Don't need to pass the ball, man, they just have to go
Laughin' at havin' this magic, so tragic, players can get passe
d 'em, so, bro
Yeah... and you know how that shit go
Maybe one day we can play without pace abusin' all the natural
flow!
Yeah, but you know how that shit go
Price caps, I can't even spend all the money that I was just pl
annin' to throw (Throw)
I'm standin' on gold! FIFA a great game corrupted by money and
politics
All of these players extinct like Bolasie and all of these Man
of the Match's, they're sold! (Sold!)
None of them are on the market, Ultimate Team is ruined
Don't know what they're doin', but FIFA 15 just isn't that fun
anymo' (Mo')
Yeah... and you know how that shit go
EA so trash, only care about cash and the money they're makin',
it's loads
Uh, yeah

I was searchin' for a BIN, then clicked "Go"
But you know how that shit go, and you know how that shit go
I looked for the number of pages, mistaken, 'cause there was ac
tually zero (None)
And you know how that shit go, and you know how that shit go
Ultimate Team is just-Ultimate Team is just-
Ultimate Team is just broke

Ultimate Team is just broke, man
