

I MAKE IT LOOK EFFORTLESS

Quadeca

(Ah, ah, ah)

I make it look effortless (Ah, ah, ah)

I make it look effortless, uh

Tell you what, I don't need to preface it (Ha-ha, ha-ha)

I'm filling my cup but it's still half empty, I feel like a pessimist

She think she in love but she only half met me

She don't get the sentiment (Ha-ha-ha)

I'll still hold the door open for you on your way out, still be a gentleman

And I'm too far gone (Oh)

Don't wanna hear about what you are on (Ha-oh)

Lately I must be out my mind

Maybe I gotta draw the line

(Line, line, line, line, line, line)

Yeah (Ah, ah, ah)

I make it look effortless (Ah, ah, ah)

I make it look effortless (Ah, ah, ah)

Tell you what, I don't need to preface it (Ha-ha, ha-ha)

Make it look effortless (Ah, ah, ah)
