

Heard you was talkin' lots of positive shit
Sayin' you liked my jokes and attitude, a confident kid
I'm lost in the mix
Somethin' about it just doesn't sit right
Makin' me seem in demand
But I didn't get the invite

You're sayin' you lovin' my smile and
Lovin' how I live life
Makin' me feel like I am the king
But somehow ain't got the invite

Sacrificin' your whole life to go and get some head
Well you need to get your own first
Yeah, these dudes is crazy
They never fail to amaze me
They thinkin' they are the players
But they the ones gettin' played, see
I done made many enemies based on jealousy
Based across the fact not one of them is ahead of me
Damn, that shit seems to feel right

Maybe I don't even want that invite
You're sayin' you lovin' my smile and
Lovin' just how I live life
Bitch, you're a liar
Don't bother me with that invite
Please
No
Don't bother me with that invite...
