

I've Been Feeling Like

Quadeca

I've been feelin' like I run the game now
I've been feelin' like it's not the same how
Everybody tryna say my name while
I been feelin' like a need a change, need a change
I've been feelin' like I run the game now
I've been feelin' like it's not the same how
Everybody tryna say my name while
I been feelin' like a need a change, need a change

Talkin' to all of these people, they all wanna find me, they all wanna know
How I been winnin' and winnin' the second I get in and set it all up for the
show
Never would go
You know I'm living my life and you know I'm living it right in the moment
You know tonight is the night that we let it and grind it all out 'cause you
blow in
Focus know that we going and noticin' people be starting to notice
And all these opponents are puttin' their heads in their hands because they
thinkin' why to say no to it
I find an opening up in my life and you know I be taking advantage
Not wasting what's handed, I'm makin' a plan
And you stuck like a rock so don't take it for granted, yuh

And I'ma ride while I'm dreamin
Lots of people lookin', I'm surprised when I'm schemin'
Like hey, I think it's time that I be in
I been makin' where I'm heading, time to fly

I've been feelin' like I run the game now
I've been feelin' like it's not the same how
Everybody tryna say my name while
I been feelin' like a need a change, need a change
I've been feelin' like I run the game now
I've been feelin' like it's not the same how
Everybody tryna say my name while
I been feelin' like a need a change, need a change

I be leavin' a legacy
Got it together achieve what was meant for me
Yes I'ma keep it you need my identity
Shinin' brighter then the things you will ever see
Every every day I [?] whatever they say
If they got negative energy
Trying to get with me then it's just get out the way
I'm doin' whatever I can, doin' whatever I can
Yes, I am usin' the best of my plan
Pursuin' the death [?] usin' to get off my land
They could be cooler or they could be losers
It really don't matter we all finna jam
If you don't vibe with the music we usin'
That's fine but you really just don't understand so yeah

And I'ma ride while I'm dreamin
Lots of people lookin', I'm surprised when I'm schemin'
Like hey, I think it's time that I be in
I been makin' where I'm heading, time to fly

I've been feelin' like I run the game now
I've been feelin' like it's not the same how
Everybody tryna say my name while
I been feelin' like a need a change, need a change
I've been feelin' like I run the game now
I've been feelin' like it's not the same how
Everybody tryna say my name while
I been feelin' like a need a change, need a change
