

LIVE LIKE THIS

Quadeca

Yeah, had to make a wish real quick
Wonder if you live like this
Hear my life go tick tick tick
Tryna give a couple Christmas gifts
Now I'm hangin' on a rope all covered in gold
I know you could never drip like this
Whippin' in Tokyo
Feelin' like life wanna drift drift drift

Wonder if they live like this
Feeling like a hypocrite
Nobody gotta know
I think I'm all alone
Press four and I shift shift shift
Tryna tell you that I live like this
Some nights I wander home
And I think I'm all alone, yeah

Drip all covered in gold
Feeling like they want my soul
Yeah, tryna handle this shit
Feelin' like I'm not in control
Yeah, not controlled
Feelin' like they want me home
I think I'm all alone
I think I'm all alone

Had to make a wish real quick
Wonder if they live like this
See you in the mist mist mist
While my wrists go tick tick tick
Now I'm hanging on a rope all covered in gold
You don't care for all the drip like this
Put her hand on my heart and it tore me apart
All she wanted was this this this

I know I told you things
I got gold all over my soul
But it feel like the coldest thing
Feel like the only thing, yeah
I took a walk with you
Fuck with these checks I don't wanna rap
I just wanna talk with you
Just wanna talk with you, yeah yeah

Wonder if you live like this
Feeling like I missed my fix
Whenevers you call my phone
Think maybe I'm not alone
Press four and I shift shift shift
I don't think I wanna live like this
I tell you I gotta go
Like maybe I'm not alone, yeah

Drip all covered in gold
Feeling like they want my soul
Yeah, tryna handle this shit

Feeling I'm not controlled
Yeah, not controlled
I don't ever wanna go
Maybe I'm not alone
Maybe I'm not alone
