

# Nostalgia For The Now

Quadeca

Yeah

You know that I haven't started either  
Got a fork in two directions but I ain't follow neither  
It's always been raining but recently all the water's clearer  
On the road to glory the story for me has gotten nearer  
But every day I've been  
Writing a page in this autobiography  
Fifteen years old and I've built up a following  
Look at the shit I'm already accomplishing  
But in the back of my mind  
I swear this fear keeps on grabbing my time  
Seeing what's left of it  
When you ain't relevant  
Sorry you lighter than parties you drive  
Yeah

And now that I want to live alone I live alone  
And if your home is where your heart is  
And I don't know what I've started  
And I really do not want to go home  
And now they're livin' like a king now, a king now  
But I ain't started a thing now, a thing now  
Everybody spread them wings out, and sing out (no, no)

Recently I've been feeling my lyrics missing meanin'  
I'm tryna whitewash how much they stink like I'm Listerine-in'  
Damn, I feel like I have missed the key  
So I guess that DJ Khaled is always skippin' me  
But, yeah  
You know I'm tryna do what I can  
But these ignorant idiots just can't understand  
You know I'm tryna do what I can  
But these ignorant idiots just can't understand

I got new crews and new friends  
I got new views and a new lens  
I'm a new dude, I'm the new Ben  
Got my YouTube with the new trends  
But the way I'm growin' is so unorthodox  
How can I be connecting 'em if I have yet to sort the dots  
I'm sorta lost and very found at the same time  
I pour the cost knowin' very loud in the daytime  
And very quiet at night  
'Cause I seem to shine when I write  
And I'm longin' to be a 5-year-old chilling, flying a kite  
And I admire the sight of somebody else workin' more than me  
I been stayin' grounded but the sky is movin' toward my feet  
And fortunately I'm on course, livin' morally  
Grindin' to get what's rightfully mine  
I'm headed right for my dream  
Uh, I guess that's all I need to know for now  
They put me in the driver's seat, no way I'm slowin' down  
They know me now but don't know my sound it is so profound  
But give me two years and I'll make it, let me show you how
