

# Slow Down

Quadeca

Yondo Music

I was tryna get up to my destination  
And arrive just in time for the test I was taking  
But I look up at the sign like I better be patient  
25, that's a line I'll forever be waiting  
I decided time to drive ahead of the bases  
But the speed limit ain't just a recommendation  
Looking up, there's a biker to get in the way, this-  
Couldn't be any worse, I'm getting impatient

But I gotta slow down (slow down)  
Gotta slow down (slow down)  
I've been thinking 'bout myself, staying in my own lane (own lane)  
I hope I never go down  
I hope I never go down, no, yeah

I hope I never go down  
But I'ma speed up just a little bit  
To pass this biker, the speed limit is limitless  
Once I finish the distances between him just like really quick  
I'ma flip it back to normal, resuming my innocence  
So here we go, gotta pass him now  
Yeah, I'ma really do it, ain't no backing out  
We going faster, now I'm goin back around  
Okay we made it, that wasn't so bad, but now  
I'm looking back ahead, I'm going 40  
Better slow down 'fore they coming for me  
I think I'm good, I think I'm gonna make it  
Just gonna chill and hope they don't- (siren noises)

But I gotta slow down (slow down)  
Gotta slow down (slow down)  
I've been thinking 'bout myself, staying in my own lane (own lane)  
I hope I never go down

Yeah, so I know now (know now)  
I gotta, gotta  
I gotta slow down (slow down)  
I was only thinking 'bout myself  
Now I'm sorry that I had to go down  
Yeah, the speed limit exists for a reason  
So no reason you would need to be speeding  
Because at the end of the day  
Life is bigger than being afraid to show up late  
Gotta prioritize being able to grow up safe  
So I may have missed my test, but I learned a lesson  
So now, when I see a biker, I reserve my stressing  
Make sure I'm getting it together on the road now  
So I listen to the voice that keeps on telling me to slow down
