

## Verglas (Interlude)

Quadeca

Do you love me all you-  
Do you love me all you can?  
Do you love me all you-  
-All you can?  
Do you love me all you-  
-All you can?  
Please stop, uh  
See, I'm just feelin' numb, yeah  
Just stop, just stop, dear  
Ooh

Way up on ridges, you can't see where you're-  
-Oh, yes, 'cause you're- you can just see the next tower  
You-you- you're always just climbing up one tower to a ledge and another one  
And a lot of times, you can just see one tower ahead  
You can't see- you can't-  
It's very difficult to get an-  
an overall idea of wh- of where you are (Ooh-ooh)
