

# You Can't Rap

Quadeca

Everyone guessing that I am the greatest  
They always are asking me  
Why did it I say it?

They say to me basically every way to be  
Humble but I do not like all the hating  
I'll prove it bitch  
Crazy Lunatic  
Rap game man I'm new to it  
What can I do for improving it  
Ain't no baby, I'm ludicrous  
Why am I doing this?  
I am the brutalist student that's through with it  
You are the stupidest hooligan booing it  
Vaycay in Budapest, know that I'm hungry  
Shout out to logic that pun didn't come from me  
I am flowing

10 percent of Y'all understand  
Know that I'm growing, I don't have no upperhand  
They try to fold me, control me until I snap  
But you should know that I'm no fucking rubber band  
I got many dreams, lotta passions  
I'ma get there by any means just imagine  
Just know that anything can happen  
Take chances put everything in rapping  
I don't even really need to go fast  
Flow back not wandering like a nomad  
So glad  
They all melt like a snowman  
Back to back flames  
Got Drake sayin' oh man

Not again, got a lotta friends  
Who wanna end all my shit  
Unsubscribe like I'm on demand  
I been livin' in the moment got a lotta fans  
Pedophile back at it again with the white vans  
Can't lie, man, I got a lot of white fans  
Can I get an ultralight beam maybe by chance?  
Every day I been switchin' up on my stance  
Scare everyone away whenever I dance  
People in the comments sayin' that I can't rap  
Ok cause I didn't understand that  
Fuck you man I think it's time to stand back  
You be sitting gettin' in the way like a sandbag  
If you wanna talk trash say it to my face  
I been singing la la I got two la's  
I been laughin' ha ha at the human race  
Hey I'm in the lead not far from a newer place

Gettin' sicker and sicker  
The flow on the track gettin' quicker and quicker  
Shiver me timbers  
I'm winning these bigger  
Killer victor not swiping left like its tinder  
They filter my picture and put it in bad light

Me playin' these rappers a bad fight  
Me spittin' these bars is a mad sight  
Haters be changin opinions is that right?

I'm winnin' I'm livin' I'm spitting'  
A million words per the minute  
I'm in it to win it  
I'm fixin to hit it  
This shit is my mission  
Not up to opinions  
You know that I'm grinnin'  
Not religious but I'm sinnin'  
Sinnin' but I'm gettin listens while I'm shittin  
Limits at the sky it's only the beginning  
Better get it I ain't chilling, cause I'm switching positions

Yes I am grippin what's killin  
These villains tryna knock me down like a building  
I'm picking it up I will fill in  
I'm bridging together you know that it's written  
These bitches are bitching  
All of these snitches are snitchin  
Emitting that negative energy shifting it  
Fit in but they all afraid to admit it  
Haters twitching while I'm benefiting  
Hella lifted  
Never fittin  
Like a cinderella princess in them little slippers  
People getting grumpy need a bit of snickers when this track drop I'll be li  
ttle richer  
Gotta feel the picture  
Gotta feel it bigger  
Than nobody else  
Know I will be the victor  
I will be the winner  
I will see them enter  
I will be who's better  
If you don't believe me then we'll see together

I fell right off of this shit  
I fell right off of this shit  
Yeah  
You know I'm not gonna quit  
You know I'm not gonna quit  
Yeah  
I Gotta keep improved  
I gotta keep it movin  
Every evening doing  
Keep pursuing one day  
I'll be the hugest  
From the start they never thought that he could do this  
Came from seemin' foolish to now on top  
In like Dwayne Johnson but came out the rock  
Bout to stop  
Nah I'm about to pop  
So all of these haters is about to drop  
Went from sea level to the mountaintop  
Just started driving now I found a lot  
Sound and clock  
Hear it from around the block  
Track over  
Now all of the sound is  
Lost
