Downfall

Quando Rondo

Goddamn man
(Ill Will made this beat bounce)
Same old niggas that I die for
Same old niggas that I slide for
(Yeah, Neb on another level)
Same old niggas that I cry for
Same old niggas I set a riot for

Lil' [?] hit me up
He like, "Lil' bro, you know these niggas prayin' on your downfall"
But let a nigga play and I let rounds off
Let a nigga play and I let rounds off
I keep a shooter on my side while I'm flipping through the city
Niggas envy and I know that they hate me
I keep a Glizzy on my waist with no safety
I keep a Glizzy on my waist for my safety
Lil' [?] hit me up
He like, "Lil' bro, you know these niggas prayin' on your downfall"
But let a nigga play and I let rounds off
Let a nigga play and I let rounds off
I keep a shooter on my side while I'm flipping through the city
Niggas envy and I know that they hate me
I keep a Glizzy on my waist with no safety
I keep a Glizzy on my waist for my safety

Couldn't left my dawg, I ain't talked to dude in a while
I told him keep his head up, it ain't no losing his trial
I can see it in your momma face that she super stressed out
She reminisced back in the day when you was her only child
But on the other end, I been chasin' Benjamin's
And the crazy part about it, [?] innocent
I can't trust no fam, can't trust no friend
I feel like "Who gon' hold it down 'til the very end?"
Nobody
I can't go to sleep without a pole by me
Who told the youngins in the trenches I'm a role model?
Old dirty Glock with that extension got 'bout four bodies
And when I pull up to the mall, I'm with the mob and we got four choppers
They tryna see where I be at, they tryna see what I'm on
I'm ridin' round clutchin' on that MAC, he play, I'm bustin' his dome
See I done been to hell and back like I'm a long way from home
Same niggas cross me, can't call my phone

Lil' [?] hit me up
He like, "Lil' bro, you know these niggas prayin' on your downfall"
But let a nigga play and I let rounds off
Let a nigga play and I let rounds off
I keep a shooter on my side while I'm flipping through the city
Niggas envy and I know that they hate me
I keep a Glizzy on my waist with no safety
I keep a Glizzy on my waist for my safety
Lil' [?] hit me up
He like, "Lil' bro, you know these niggas prayin' on your downfall"
But let a nigga play and I let rounds off
Let a nigga play and I let rounds off
I keep a shooter on my side while I'm flipping through the city
Niggas envy and I know that they hate me

I keep a Glizzy on my waist with no safety
I keep a Glizzy on my waist for my safety

They sent lil' Leaky to the feds, they gave my nigga a pound
I know my nigga mad at me I don't never go and see his child
He signed a letter to the game like y'all gon' hold it down
My nigga say he losin' faith, he feel like nobody gon' stick around
I see you wellin' [?] in your face, especially when you frown
They got lil' Pablo in the cage and he locked down
Pablo told me he can't even take a day off 'cause the lawyer sayin' that the DA takin' on the trial
I know you hopin' and wishin' that this get over with and finished
It's only two things come with thuggin', yeah, that's dead and prison
Deep down inside, you feel the sickest conscience of consequences
Ma tried to tell you way back then but you just didn't want to listen
Feel like the love they show you fake so you just try to keep distance
Come from a jail wall every day like tell me what am I missing
Ain't nothin' change about that game, bros act like you still in the kitchen
This shit a shame, I can't even trust grandma grandson

Lil' [?] hit me up
He like, "Lil' bro, you know these niggas prayin' on your downfall"
But let a nigga play and I let rounds off
Let a nigga play and I let rounds off
I keep a shooter on my side while I'm flipping through the city
Niggas envy and I know that they hate me
I keep a Glizzy on my waist with no safety
I keep a Glizzy on my waist for my safety
Lil' [?] hit me up
He like, "Lil' bro, you know these niggas prayin' on your downfall"
But let a nigga play and I let rounds off
Let a nigga play and I let rounds off
I keep a shooter on my side while I'm flipping through the city
Niggas envy and I know that they hate me
I keep a Glizzy on my waist with no safety
I keep a Glizzy on my waist for my safety
