

Just Keep Going

Quando Rondo

Me equals you
I ain't worried bout it
You could do what you do

I say, all these damn hoes bring problems
They fuck with me cause I'm the trending topic
Money full dose so that what I call 'em
She only ridin' for the dollar in your pocket

A thousand dollars, swear to God that's all I need
I learned how to count up guala 'fore I can read
That pussy wet like the Pacific Ocean deep
I swear to God she so terrific on her knees

And I just wanna know why
Is so hard for them to realize
All this pain I'm going through
And I'm speakin' on real life
I just wanna know why
They don't notice all the love I'm showing
And I just wanna know why
They don't notice that it's hard
But I just keep going, I just keep going

I'm getting so hungry for the mil' I'm on the block with utensils
Just to write a rap inside my cell I had to steal a pen and pencil
Pay attention, watch how the game you get taught get used against you
You get target, you the gun shoot

Panoramic whip, I whip it off the lot, its so expensive
Thirty shots in my extension bitch these Mike Ameri demins
If the rules ain't ever break you doing wrong tryna bend 'em
I couldn't make 'em get a dollar I only convince them
I humble my emotion, them haters don't make me sing

A thousand dollars, swear to God that's all I need
I learned how to count up guala 'fore I can read
That pussy wet like the Pacific Ocean deep
I swear to God she so terrific on her knees

And I just wanna know why
Is so hard for them to realize
All this pain I'm going through
And I'm speakin' on real life
I just wanna know why
They don't notice all the love I'm showing
And I just wanna know why
They don't notice that it's hard
But I just keep going, I just keep going
