It's a nightmare  
To uncover  
Everything  
And the worst part is  
No in-between  
Say it under your breath  
Can't keep holding what I said  
Run away from what you got  
It won't last

Cover me, I am bleeding out  
Understand that you're trying now  
Cover me, I am bleeding out  
Below

Cover me, I am bleeding out  
Understand that you're trying now  
Cover me, I am bleeding out
