Snail me away
Makes me self-conscious
More than someone else
Swallow all I've dealt

It used to all be easy, now I'm forced to swim
You used to listen to me, now you're deaf to all of it
Now the water's gone, I was supposed to drown with you
Supposed to drown with you

It used to all be easy, now I'm forced to swim
You used to listen to me, now you're deaf to all of it
Now the water's gone, I was supposed to drown with you
Supposed to drown with you
