

So I fall  
Back in your steps  
You'd wake me up  
If you'd feel thin  
I'll right your wrongs  
And then they'll fade  
I'll win it back, I'll win it all

It gives me life  
I controlled you  
You're giving up?  
I can't stop you

You're egregious  
I don't forget  
You made him up  
It needs to go  
You mean so much  
He watched me rot  
I'll burn with you  
I'll burn with you  
I'll burn with you  
I'll burn with you

It gives me life  
I controlled you  
You're giving up?  
I can't stop you
