

## Torch

quannnic

Just like the torch that I brought to your house, you lost your  
spark  
You had to learn that it meant to be cradled, you lost your sta  
r  
When you were innocent, you taught yourself, how it's near  
Now that you're out of it, you had to find what it meant to sha  
re

But I've got your lighter  
I used it to light my last cigarette  
I figured a metaphor was the best way to remember it  
Before I avoided it, I'm shocked to find out I'm just like you  
I'm all by myself, you said I love just like you

Now we're getting into something we'll take the blood train dow  
n  
Your tooth painting's a baby remember that you'll be found  
I'm not sure whether I dug up something of significance  
It's something you have turned your heart  
Just to give you then you quit first

But I've got your lighter  
I used it to light my last cigarette  
I figured a metaphor was the best way to remember it  
Before I avoided it, I'm shocked to find out I'm just like you  
I'm all by myself, you said I love just like you

I'm just like you  
I'm just like you  
I'm just like you
