

Nobody does, nobody's love
It's just you and I
And I am the weakest version of you
And everyone else

This is my loss
I'm trapped in the night
I'm falling with you
I should have known
I should have known

We could've fought more
We could've done less
It's all making sense
And there is no prospect
I'm just a wretch now
I'm lying on my back
It's crawling all over me
It's crawling all over me

I wanted to hand down
I'm unimportant
I'm not a hero
I'm just a topic
I wanted to break down
And cry in your arms again
But I took the ladder
And held the weapon

Nobody does, nobody's gonna show
I wasted my love
Corrupted all that's been tilted
Versions of you, I'm fading away
You're wrenching my shoes
But it all feels the same

I wanted to hand down
I'm unimportant
I'm not a hero
I'm just a topic
I wanted to break down
And cry in your arms again
But I took the ladder
And held the weapon
