

Diamond in the Rough

Quarterflash

I'm your diamond in the rough
A little bit crazy A little bit tough
I'm your diamond in the rough

It's hard to know where to start
I don't know how to get to your heart
You can't see love's blind
I don't know how to make you mine
I know that you want somebody who can move you
I can prove it to you
Baby, I know I can love you best
I'm know I'm not like all the rest
I'm your Diamond in the rough
A little bit crazy A little bit tough
I'm your Diamond in the rough
All I need is love

It hard to wear a fire? dress
I don't intend to love like your rest
I never try to play your games
I don't know pretend to know the right names
I know I can love can the best
I'm not like all the rest
I'm your diamond in the rough
A little bit crazy A little bit tough
I'm your diamond in the rough
All I need is love
I'm your diamond in the rough
I'm your diamond in the rough
I'm your diamond

I know you need a different kiss
You'll see that it's something you miss
I want to be with you
I want to be with you
I want to see this through
I want to see this through
I'm know I'm not like all the rest
I know I can love you best

I'm your diamond in the rough
A little bit crazy A little bit tough
I'm your diamond in the rough
All I need is love
I'm your diamond in the rough
A little bit A little bit A little bit tough
I'm your diamond in the rough
I'm your diamond in the rough
