

## Love as a Last Resort

Quarterflash

We use tears and silence  
We use fears and weakest lies  
We use walls and doors  
And these empty rooms to hide  
Oh, tell me why  
We use love as a lost resort  
Tell me why  
We use love as a lost resort  
Tell me why when life is so short  
We use love, baby, love as a lost resort  
How come we hurt each other  
We use smiles and sweet deceit  
We use promises we never intend to keep  
Tell me why  
We use love as last resort  
Tell me why  
We use love as last resort  
Tell me why  
We use love as lost resort  
Tell me why when life is so short  
We use love, baby, love a as last resort  
We use love as last resort

Why is love the wall between us  
Why is love so hard to try  
If it's love were really after  
Tell me why  
Tell me why  
We use love as a last resort  
Tell me why  
We use love as a last resort  
Tell me why  
We use love as a last resort  
Tell me why  
No No

In this world of strangers  
We use friends when we choose sides  
We use anything to save our foolish pride  
Tell me why  
We use love as a last resort  
Tell me why  
We use love as a lost resort  
Tell me why when life is so short  
We use love as last resort  
We use love, baby, love as a last resort  
We use love as a last resort  
We use love as a last resort  
Tell me why  
We use love as a last resort  
Tell me why  
We use love as a last resort  
Tell me why  
We use love  
We use love as a last resort  
We use love  
We use love as a last resort

We use love  
We use love, baby  
We use love as a last resort
