

Rock On Little Brother

Quarterflash

Rock on little brother - keep on a' keepin' on,
Reap a little love - keep your head above,
Be strong, be strong.
Rock on little brother - rock on, Baby Blue.
One day at a time - like Johnny, walk the line,
Be true - be true.

You hit your limit - you've been swimmin' in it way too long,
She broke your spirit - you had to clear it right or wrong,
You had to pay a price - it turned you into ice,
But now you're trying for the sun...

Rock on little brother - keep on a' keepin' on,
Reap a little love - keep your head above,
Be strong, be strong.
Rock on little brother - rock on, Baby Blue.
One day at a time - like Johnny, walk the line,
Be true - be true.

Stuck in the middle everything was brittle as a bone,
Caught on the wire in the line of fire all alone,
But when things were really bad,
You pulled up what you had,
And found a way to roll the stone.

Rock on little brother - keep on a' keepin' on,
Reap a little love - keep your head above,
Be strong, be strong.
Rock on little brother - rock on, Baby Blue.
One day at a time - like Johnny, walk the line,
Be true - be true.

You took a bullet, you could have pulled it but you stayed,
You saw the writing - heard the fighting,
And you know you paid,
You had to take it on but you had to play it strong,
But you are back where you belong.

Rock on little brother - keep on a' keepin' on,
Reap a little love - keep your head above,
Be strong, be strong.
Rock on little brother - rock on, Baby Blue.
One day at a time - like Johnny, walk the line,
Be true - be true.
