Physically, mentally, spiritually not nowadays
Madvillain get more spins than the power plays

These hens served them a tower of praise
Wet more Timb's than agua from shower sprays

The same way the super got hits for that ass

Put so much heat out on the street
He lock his self up and put the beat on repeat

Stamp here go a kite to the world
It's more nasty than what you write your so called girl

Tramp a spade is a spade
Spit blades like V playing with grenades

He say these black negro's is crazy

You'll never come closer to where they want to be

Soldiers in the out field
With or with out a deal
Is it all about the steal

You'll never come closer to where they want to be

Ask yourself the same question
Don't mention it to him or any of his henchmen
