She a dime out the ghetto
Louboutin, how she walk, the high pedestal
Popped a Perc down her throat like an edible
I don't hang with no broke, they ineligible
Put her on a jet then I put her on flicks
Look at that ass, it's stupid to risk
Do the whole dash and I pray I don't wreck
Buy a bitch an ass, she was sittin' on flats
Watchin' my back, don't slap, go attack
Hoppin' in the hatchback, Richard Mille match
You wanna offer me a mil', you can have your deal back
Sticks in the field, kill, peel you weave back
Pull her hair, I break her back like a Kit-Kat
Give my dog a bone, that's a whole hundred racks
Hit 'em with the CIG and the stomach six pack
Serve a nigga bales, rob him, that's a recap
Bitch give me neck 'til you break your kneecaps
