

## Just a Flow (Interlude)

Queen Latifah

What are you doin'?!  
Sid, you burnin' shit!

It's just a flow, it's just a flow  
It's just a flow, it's just a flow  
It's just a flow, it's just a flow  
It's just a flow, it's just a flow

I give a shout out  
To every earthling on the planet  
Especially Jersey  
And New York  
Chilled in Irvington  
Born in Newark  
Thanks for support  
It's just a flow  
I'd like to say hello (hello)  
Even though I know  
You don't know me  
It's just a stack [?]  
Kick from the pack [?]  
Gimme a smile  
C'mon, you can show me  
Take an inspiration from the S.I.D  
Thanks for the beat  
It's kinda fly  
And oh yeah, Sa'Buddah told me tell ya hi  
She thinks you're sweet  
I'm looking for the vibe y'all  
Then I must be looking for my tribe y'all  
I'm rolling with the F-L-A-V-O-R and Unit  
Somebody in the house, gimme five, y'all  
And get live, y'all  
And just clap your hands to the beat  
Cause I gotta go find out  
Where we got the loot, cause I gotta know  
I put special concentration on the flow  
I love to see you and me say, "ho!"

It's just a flow, it's just a flow  
It's just a flow, it's just a flow  
It's just a flow, it's just a flow  
It's just a flow, it's just a flow

Sexy baby doll...  
I get loose, y'all, I get loose, y'all  
I get loose, l-loose, l-loose, loose, y'all  
I get loose, y'all  
You don't know nothing  
Gotta get loose, y'all  
Bring it on  
It's like this
