

Beautiful

Queen Naija

Lookin' in my rearview mirror and I see tears
I see all my fears
And who was I afraid of?
Everything I'm made of
It's why I'm here (Oh)
Many long sleepless nights
Didn't feel I could survive
Felt like I had broken wings, I couldn't fly
Doubt and worry fill my mind
Eyes blurry like I was blind

And now I see that the struggle was beautiful
Beautiful (Beautiful)
Beautiful, it was beautiful (Beautiful)

It was all meant for the good, it was for my good
And I thought it was for my bad (For my bad)
Tell me who in the world imagined that
Every heartache and headache and mistake (Oh)
Leave you where I may (Leave you where I may, oh)
Now I'm lookin' out of my window (Window)
Free as the leaves when the wind blows (Wind blows)
Only happy tears on my pillow (Pillow)
I can see the sky, no more below us
I got joy, I got strength
I got peace and happiness
I won't forget

I remember the struggle was beautiful
Beautiful (Beautiful)
Beautiful (Beautiful)
It was beautiful (Beautiful)
Beautiful, beautiful (Beautiful)
Beautiful (Beautiful)
It was beautiful (Beautiful)

Beautiful, I'm beautiful
I'm beautiful, I'm beautiful (Beautiful)
I'm beautiful, I'm beautiful
I'm beautiful, I'm beautiful
I'm beautiful, I'm beautiful
I'm beautiful, I'm beautiful
I'm beautiful, I'm beautiful
I'm beautiful, I'm beautiful
I'm beautiful, I'm beautiful
I'm beautiful, I'm beautiful
I'm beautiful
