

Let's Talk About It

Queen Naija

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah

Sicka puttin' all these egotistical niggas on a pedestal
All up in a woman's business, worry 'bout yo' revenue
Always think you know it all, you don't know what's best for you
Why you scared of therapy? Prolly can't accept the truth

Ain't man enough to right yo' wrongs
Flashin' money like we can't see all them ones
Always at the club, but can't pick up yo' son
Fuckin' all them hoes, can't even make 'em cum

Let's talk about it
Let's talk about it (Let's talk about it)
Let's talk about it (Let's talk about it)
Let's talk about it (Let's talk about it)

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah, yeah

Won't put a ring on her finger, but put a baby up in her
Another child in a broken home
'Cause you afraid of commitment (Let's talk about it)
Still clingin' to yo' mama
Swear that you so grown, but let her handle all yo' drama

You ain't never got to grow up, that's your problem
Puttin' up a front to hide behind your traumas
Takin' all your anger out on me won't solve 'em
Had a real one by your side, but you just lost one

Let's talk about it (Ooh-ooh, oh-oh)
Let's talk about it (Let's talk about it, baby)
Let's talk about it (Let's talk about it, baby, baby)
Let's talk about it
(Let's talk about it, baby, yeah, yeah, yeah, yeah, yeah)

Yeah, yeah, yeah, yeah, yeah, yeah
Oh, ooh yeah (Let's talk about it)

Since you wanna go there, let's talk about it
(Since you wanna go there, I can go there too)
Since you wanna go there, let's talk about it
(Tell you about yourself, somebody hadda tell ya)
Since you wanna go there, let's talk about it
(Ain't tryna hit below the belt, no, but you ain't got no room to talk)
Since you wanna go there, let's talk about it
(Pointin' out a woman's flaws, I'm just givin' it to you raw)
