

# Medicine

Queen Naija

You tell me you love me  
But I ain't been feeling it lately  
You say you love keeping me fly but  
Can't keep me from looking' so crazy  
Come in at 6 in the mornin'  
Where you been, where you been?  
Who is that texting your phone?  
Just a friend, just a friend (okay)

My intuition never lies  
There's nothing you can ever hide  
Already got the screenshots  
So there is no need to deny  
You been creepin' and freakin' and sneakin'  
Like you'll never lose me  
Steady claiming that everyone know we together  
But you steady choosing

Swear I cannot win for losing  
I been out here being faithful  
I always got this on lockdown  
But that ain't been keeping us stable  
So I guess I know what I gotta do  
Give you a taste of your own medicine (hey, yeah)

How would you like it if I do the things you do  
Put you on do not disturb and entertain these dudes  
I'mma ride him crazy and you'll never have a clue  
Give another guy everything that belongs to you  
I'mma call up Brian, I'mma FaceTime Ryan  
I'mma text Lorenzo, and I'mma leave you cryin'  
Don't get it twisted I can play this game too  
How would you like it if I did the same to you (same to you, yeah)

You don't like it,  
Now you tellin' me that I should fight it  
Why you be out here playing the victim  
When I am the one who been cryin'  
Why dish it out but can't take it  
I want revenge, I can't fake it  
Wanna see the look on your face  
When I drop my clothes and I get naked  
Not for you, but for him  
Now tell me player, how does that make you feel?  
How could you play me when the love I gave was real  
I even took you back and you still had no chill

Boy you ain't gone ever learn  
Play with fire you get burned  
I don't think you'll understand  
Until I hit you where it hurts  
So I guess I know what I gotta do  
Give you a taste of your own medicine, hey yeah

How would you like it if I do the things you do  
Put you on do not disturb and entertain these dudes  
I'mma ride him crazy and you'll never have a clue

Give another guy everything that belongs to you  
I'mma call up Brian, I'mma FaceTime Ryan  
I'mma text Lorenzo, and I'mma leave you cryin'  
Don't get it twisted I can play this game too  
How would you like it if I did the same to you (same to you, yeah)

All of those tears I cried  
I can't count the lonely nights  
Time and time again I've tried  
So when I turn into a savage boy don't ask me why  
Ask me why  
Don't ask me why, yeah  
Give you a taste of your own medicine...
