

One Time

Queen Naija

(Hitmaka)

One time for the (Right now sound)
One time for the

One time for the, one time for the girls
I want you back, one time for the girls
I can't understand how I got you like that, yeah
One time for the, one time for the girls
I got a man, stick with him through it all
'Cause I got your back, yeah, you know who I am, yeah

Bet you didn't know that I've been watchin' and plottin' on you
You was for the streets until I came in and dropped it on you
I was never worried 'bout them groupies you've been with
I don't mind the girls you had, they basic, they blew it, they mad 'cause yo
u choosin'
Wonder how I do it
Turned into a lover boy, he used to be ruthless
Now I got you by my side, we don't ever have to hide
Always be your ride or die, ride or die, yeah
You won't never feel lonely when I'm close to you
Right there whenever you want me
Just the way it should be, oh yeah
(You know it's right here) Yeah
(You know it's right here) You know it's right
(You know it's right here) Just the way it should be, ooh yeah

One time for the, one time for the girls
I want you back, one time for the girls
I can't understand how I got you like that, yeah
One time for the, one time for the girls
I got a man, stick with him through it all
'Cause I got your back
Yeah, you know who I am, yeah

I'm so deep in love, I gotta call just to hear you say my name
I'ma playboy with your heart, I ain't gon' play no games
Put you in that G5
Baby, you know what the heat like, yeah
Ride on my lap, put it to the side, we have sex in the car
You reach your climax when I'm in it, go and look up at the stars
We in a Wraith, nothin' but timeless space
You can look me dead inside my face
Tell me if you mean it when you say I'm wild
I ain't like the other dudes with your heart, I ain't gon' freestyle (Yeah)
I ain't in no rush, but with you I ain't gon' play no games
Think I'm in love with the way that you say my name
Let's just do it one time
One time for your love, got caught in a gunfire
Let's do it one time, one time for the real niggas
One time for the girls who got a man and they deal with 'em

One time for the, one time for the girls
I want you back, one time for the girls
I can't understand how I got you like that, yeah
One time for the, one time for the girls
I got a man, stick with him through it all

'Cause I got your back, yeah, you know who I am, yeah
