

Without You

Queen Naija

Ooh
Yeah
Yeah, yeah, yeah

What would I do without you?
Sad thing is I probably wouldn't even know how to live without you
What would I do without you?
Sad thing is I probably wouldn't even know how to live without you, live without you

You make me wanna let me hair down (Let me hair down)
If you only knew the things I'd do to keep you around (Yeah, yeah, yeah, yeah, yeah, yeah)
Scribble your name 'cross my notebook, put jewelry on my heart (Ooh)
I knew I loved you right from the start (From the start, from the start), from the start (Oh)
Said my heart, you know you have it
And you know that I've been damaged
So please don't take my love for granted
You know whiteout you I couldn't manage

What would I do without you?
Sad thing is I probably wouldn't even know how to live without you
What would I do without you?
Sad thing is I probably wouldn't even know how to live without you, live without you

Stayin' up late (Yeah), drinkin' too much (Yeah)
Thinkin' 'bout you (Yeah), how I fucked up (Damn)
I just need time (Yeah), weed and white wine
It's not that I can't live without you, it's that I don't wanna try (Yeah)
They sayin' I love you 'cause I need you
I need you 'cause I love you (Yeah)
Fuck bein' a trophy wife, but I feel like I won you (Yeah)
I love the way at night you turn into a thief
You wiggle closer and closer and steal my body heat
I'ma always be by your side, under you or on top
No one got me like you got me, girl, I love you nonstop
Mutual respect is so sacred
No one wears the pants, we prefer to just be naked

What would I do without you? (Come on)
Sad thing is I probably wouldn't even know how to live without you

What would I do without you?

Sad thing is I probably wouldn't even know how to live without
you, live without you
