

# Another World

Queen

**F** **Gmi**

In another world

**C7 F**

Under another sky

**Dmi** **Gmi** **C7**

I see another story waiting

**F**

To be told

And another You - wakes up -

With another Me

For that's the way, we've come to be

In Another World

**Dmi**

In a different place

**Gmi**

Way 'cross Time and Space

The door is open wide

**Dmi**

Drawn to a different light

**Gmi** **C7**

Maybe we'll step inside

**F** **Gmi**

In Another World

**C7 F**

We can show we care

**Dmi C7**

You can be sure I'm waiting there -

**F**

In Another World

**Gmi**

When the dice were cast

**Dmi**

**Gmi C7**

They laid a crazy path we follow to our graves

**Dmi**

But I know in different world

**Dmi7**

We journey a different way

**F** **Gmi**

So we live but life

**C7** **F**

Isn't what it seems

**Dmi** **Gmi C7**

We're only living in our dreams

**F**

You can believe I'll meet you here
