

# White Queen

Queen

**G D Em G D Em**  
So sad her eyes smiling dark eyes  
**G D Em G D Am**  
So sad her eyes as it began

**Am**  
On such a breathless night as this  
**Am/G**  
Upon my brow the lightest kiss  
**F**  
I walked alone  
And all around the air did sway  
My lady soon will stir this way  
In sorrow known

**C G**  
The white queen walks  
**C G Am**  
And the night grows pale  
**D Am D A**  
Stars of lovingness in her hair  
**G D Em G D Em**  
Needing unheard pleading one word  
**G D Em G D Am**  
So sad my eyes she cannot see

How did thee fare what have thee seen  
The mother of the willow green  
I call her name  
And 'neath her window have I stayed  
I loved the foot steps that she made  
And when she came

**C F**  
White queen how my heart did ache  
**B E**  
And dry my lips no word would make  
**Am Am Am/G F**  
So still I wait

**C G**  
My goddess hear my darkest fear  
**C G Am**  
I speak too late  
**D Am D A**  
It's for evermore that I wait

**G D Em**  
Dear friend goodbye  
No tears in my eyes  
So sad it ends as it began
