

Cake And Kisses

Queensberry

I got a song inside my head
Don't know all the words, just yet
It's private stuff but I might share there

A little slice
Oh so nice
A little bite

CHORUS

Cake and kisses, so delicious
Food to fuel my fabulous, nutritious
They should come complete with safety lessons
Cake and kisses

Cake and kisses
So delicious

I got a beat under my feet
I'm a movie scarlet sweet
Stilettos good for dancing all over you

I want more
To kill one for
I wanna score

CHORUS

Sometimes they can be oh so wicked
Sending mixed and instant messages
Like religious experiences
Cake and kisses

No lies, no truth
Or surprises
Outside on the roof appetisers

CHORUS

Sometimes, they can be oh so wicked
Sending mixed and instant messages
Like religious experiences
Cake and kisses
So delicious
