

# I'M GOOD

QUIÑ

Oo  
Been chasing waterfalls  
They calling on me BB what's good  
You be actin like- ooo  
Sick of chasing every little wave you got up under your hood  
Got me switching up the tempo  
Do you really wanna get it right or you don't  
It could all be so simple  
And you know you know it

I'm too good  
Baby said that I'm too good  
Baby save it  
Yo, if I'm too good for you  
I wouldn't help it if you wanted me to

I'm too good  
Baby said that I'm too good  
What's a girl to do  
If I'm too good for you  
I can't help if it's the way that I move

Aw baby  
You know you're so damn fine  
Oo baby  
Just get up outa your mind  
Just let me in you know how I do it  
Put it together like I should  
Taking the pieces of time  
Turning my back to rewind you

Let me in you know how I do it  
Put it together like I should  
Taking the pieces of time  
Turning em back to remind you...  
Get up outa your mind  
I said you-  
You're so damn fine

I'm too good  
Baby said that I'm too good  
Baby save it  
Yo, if I'm too good for you  
I wouldn't help it if you wanted me to

I'm too good  
Baby said that I'm too good  
What's a girl to do  
If I'm too good for you  
I can't help if it's the way that I move
