

# Into You

QUIN

Fed you all my time  
And the water from my body, I (Uh huh)  
I casted all my spells on you  
But nothing can compare

To what you put on me, babe  
You put it down on me, babe  
Reminding me of me, babe, hey, yeah  
The other side of me, hey, yeah, yeah, yeah

And I'm just so into ya, into ya  
I came to answer ya, answer ya  
Been calling my name from your land above  
And I wanna land in your land of love  
And I'm just so into you, into you  
I can't explain it, you're all I want  
You've been callin' my name  
Say it again, babe  
While you're fast asleep (Let me)  
Let me settle in your fantasies  
The shower in the garden, the mirrors on the wall, oh  
Everywhere you look, I'll be staring 'til you fall

Now what you put on me, babe, oh  
You put it down on me, babe  
Reminding me of me, my baby, hey  
The other side of me, hey

Everywhere we go, love is made  
And it's good (It's so good, so good)  
When you're wide awake in your dreams, make it lucid  
Put you back to sleep, I'll be back in the morning  
You're the love of my life, I, I  
Fed you all my time (I fed you all of my time)  
The water from my body, yeah (The water from my body, right here)  
Casted all my spells on you  
And nothing can compare (To what)

To what you put on me, babe, oh  
You put it down on me, babe  
Reminding me of me, my baby, hey  
The other side of me, hey, yeah, oh

Tell me how you do it, tell me everything, baby  
You know I'ma put it down on you so crazy  
You're my baby  
I said tell me how you do it, tell me everything, baby  
You know I'ma put it down on you so crazy  
You're my baby  
You're my, you're my favorite  
You're my baby  
You're my, you're my favorite  
You're my favorite  
You're my favorite, yeah

The water's deeper where I come from  
I'd rather dive in for the long run
