

MUSHROOM CHOCOLATE

QUIÑ

Get you somebody to roll the dice with
Get you somebody you don't think twice with
Get you somebody that speak your language
Get you somebody to fake it, play chill
Get you somebody to get your mind right
And get you somebody to put it down like ooh-ooh-ooh-ooh
Somebody taste like you-ou-ou-ou

With the top down, let me look in your eyes
You know every second of yours is all mine
I know what to do with my love if it's right
I know what to when you're lookin' that fine

Ooh, you be lookin' so good
I be keepin' my cool, I be actin' brand new with you
Ooh, you be lookin' so good
I be actin' brand new, I be keepin' my cool with you, hey
Ooh, you be lookin' so good
I be keepin' my cool, I be actin' brand new with you
Ooh, you be lookin' so good
I be actin' brand new, I be keepin' my cool with you, hey

Tryna make it sticky, I don't wanna be shy
Wanna get it poppin' like the start of July
This that grade school love, but we grown (But we grown)
I think I only need your number in my phone
Cupid with the shits, had to ask with arrow on my hip
Pull it back, let it fly, guess my target hit (Yeah)
Get you somebody to fall in love with
Get you somebody to kiss in public

I just wanna go to the movies, you know me
I just wanna lay here and lie, hold on to me
I just wanna make out in the summer
Picnics on the beach with red wine
You know what I like

With the top down, let me look in your eyes
You know every second of yours is all mine
I know what to do with my love if it's right
I know what to when you're lookin' that fine

Ooh, you be lookin' so good
I be keepin' my cool, I be actin' brand new with you
Ooh, you be lookin' so good
I be actin' brand new, I be keepin' my cool with you, hey
Ooh, you be lookin' so good
I be keepin' my cool, I be actin' brand new with you
Ooh, you be lookin' so good
I be actin' brand new, I be keepin' my cool with you, hey

Top down, let me look in your eyes
Get you somebody to roll the dice with
I know every second of yours is all mine
Get you somebody you don't think twice with
I know what to do with my love if it's right
Get you somebody to roll the dice with

I know what to when you're lookin' that fine
Get you somebody you—
