I'm ready for whatever

I'm ready for whatever, babe
I'm ready for whatever to come my way
Yeah, I could take the lesson, babe
My blessings are waitin' for me

You can call me crazy I don't mind
Ooh, all I gotta do is face the time, unwind you
You was tryna piece up all the lies
I was makin' sure I left it all behind me, yeah

Now you stressin' out meanwhile I'm greasy, boy
Take the lesson out, put the magic back inside, 'ide
What's up with you?

I'm ready for whatever, babe
I'm ready for whatever to come my way
Yeah, I could take the lesson, babe
My blessings are waitin' for me

Now you stressin' out meanwhile I'm greasy, boy
Take the lesson out, put the magic back inside, 'ide, inside, 'ide

I'm ready for whatever, babe (Now you stressin' out)

Not impressed, should I be?
I do this in my sleep

I'm ready for whatever, babe
I'm ready for whatever to come my way (Yeah)
Yeah, I could take the lessons, babe
'Cause my blessings are waitin' for me

Now you stressin' out meanwhile I'm greasy, boy
Take the lesson out, put the magic back inside, 'ide, inside, 'ide

I'm ready for whatever, I'm ready for whatever
