

SOLO

QUIÑ

Solo, solo, solo yeah
Solo, solo, solo yeah
I jump solo
I drowned so low

Solo solo solo yeah
Eyes closed eyes closed, see I know yeah
I jump solo
I drowned so low

One time hit it one time
Freeze your mind
Let the thoughts spell it out right
And heal your mind

If you let me girl don't tempt me
I'll heal your mind
Ey I'm just letting it all hang out
Picture me rolling up with ya
Picture me rolling off with love
Picture us rolling past the stars
I'll be good for ya

Ey but you're unpredictable
I said it's so predictable
That your'e so unpredictable
Unpredictable

Solo solo solo yeah
Eyes closed eyes closed see I know yeah
I jump solo
I drown solo

I'm finally
Controlling my emotion
Dug me up from the ocean I-
I'm feeling everything at once

Ey I'm just letting it all hang out
Picture me rolling up with ya
Picture us rolling past the stars
I'll be good for ya

Solo solo solo
Eyes closed eyes closed see I know
I jump solo
I drown solo

Baby don't you fly too far
You know I need you near my heart
But you
I'ts unpredictable
I said it's so predictable
That your'e so unpredictable
So predictable
