

Let's electrocute
Send ourselves in
Constant airwaves ringing out from voice to ear
To free ourselves from...

There's an army charged
Ready
Armed to educate
And demonstrate
To the masses
To the people
Left in the dark
With blinders on
Not holding back to activate
Never holding back to activate
In rebellion

A full-fledged pledge
To eradicate the authorities that hold themselves higher
A full-fledged pledge
Our ways of freedom
Expression in rebellion

There's an army charged
Ready
Armed to educate
And demonstrate
To the masses
To the people
Left in the dark
With blinders on
Not holding back to activate
Never holding back to activate
In rebellion

To save ourselves
From those who hate
Our ways of freedom
Expression in rebellion
