

## Normal Love

Quicksand

Incitement to excitement  
Go outside, get where you're invited  
Pass the pain and see the future  
Find your trouble, whatever suits ya

We like to stay out late  
A reoccurring state  
Poison arrows in a rush  
For the gallows and away from all suns

I should have seen that coming  
From miles away  
I should have seen that coming  
Oh you just don't know what it's like

It's just your life

Run of the mill  
Underfed and over schooled

Pass the pain and see the future  
Find your trouble, find your trouble

I should have seen that coming  
From miles away  
I should have seen that coming  
Oh you just don't know what it's like

I should have seen that coming  
From miles away  
I should have seen that coming  
Oh you just don't know what it's like

You just don't know what it's like  
It's just your life  
It's just your life
