Phase 90

Quicksand

Trying to finish the book I was reading
I put it down for too long, too long
I got distracted by other things, other dreams
Forgot the characters and their names

How the plot lines fade
Fade

Echolocation, let's meet at the station
Like we did a thousand times before
It's not like I'm counting
Sometimes it's better just to keep on traveling
Sometimes it's better just to keep on

How the plot lines fade
Fade

Sometimes it's better just to keep on traveling
Sometimes it's better just to keep on traveling

Trying to finish the book I was reading
Hope I don't have to start from the beginning
Trying to finish the book I was reading
Hope I don't have to start

How the plot lines fade
Fade
