

Sick Mind

Quicksand

Allied in your lie
Allied in your lie
For the last time I am
A light in your life

When you fall again
When you fall again
For betraying your friends, you'll say it was
All out of my hands but that was always your plan

Sick mind
You got a sick mind
Disastrous kind
Sick mind

You're gonna need help
To fix your treacherous self
Both loved and despised
You got a sick mind

Allied in your lie
Allied in your lie
For the last time I am
A light in your life

Sick mind
You got a sick mind
You are both loved and despised
You got a sick mind
