

24 Hour Deva Vu

Quicksilver Messenger Service

Say you don't understand the things I do
Baby, that just breaks my heart in two
You don't like to look into my eyes
Cause there's something there that tears you up inside

Cause I seen it all before
Least a time or two
It's 24 hour Déjà vu

You remember me
I'm the one who touches you inside
I got ya hypnotized

There's something in my eyes that makes you sh-sh-sh-sh-shiver
Like a perfume of a smile that last forever

I seen it all before
Least a time or two
It's 24 hour Déjà vu

You remember me
I'm the one who touches you inside

It's 24 hour Déjà vu
What's out there
It's 24 hour Déjà vu
What's out there
It's 24 hour Déjà vu
What's out there
It's 24 hour Déjà vu
What's out there
It's 24 hour Déjà vu
