

## Bittersweet Love

Quicksilver Messenger Service

You won't stop talking about me  
You won't say nothing good  
I'd like to make you understand, if I only could  
My hearts filled with sorrow  
My minds filled with tears  
And I've been trying to contact you for 100,000 years  
And your bittersweet love, take me down, take me down  
And your bittersweet love, takes me down

You like to tell your stories  
You swear that they were true  
You swear to God that you know me girl  
You say that I know you  
But you never shook my hand my friend  
I look into my eyes, that I know you like to gossip  
Cause this hip to your size  
And your bittersweet love, take me down, take me down  
And your bittersweet love, takes me down

You got your little circles  
You said they are quite sane  
You sit around discussing  
Of this and that and things  
And when you can't get no higher  
You always got my vein  
And of course I'm thinking about you  
Cause I love you just the same  
And your bittersweet love, takes me down, takes me down  
And your bittersweet love, takes me down

Your hearts are filled with sadness and your minds are filled with fear  
You prowled the same as I was, and was sweet cocaine to there  
You don't make to take no longer baby, but still I had no doubt  
And all along the diamond rope, and nothing here about it  
And your bittersweet love, takes me down, takes me down  
And your bittersweet love, takes me down

My heart is stuck to wonder  
My minds filled with awe  
Well, I think how many times, your love has served us all  
And out among the other people got no living heart or man  
Swear he's never free to stop it when you can  
And your bittersweet love, take me down, take me down  
And your bittersweet love, take me down
