

## Good Old Rock and Roll

Quicksilver Messenger Service

Oh, oh, what do y'all see, can't you vibe that I'm trying  
Good old rock and roll, there just ain't no denying  
Some people want to make money  
Some people want to have fame and glory

I see what it's at, always have the same old story  
Oh my, won't you try, see what you live without dying  
Maybe, you will see, just what I been saying  
Some people talk about this one  
Some people talk of a cosmic structure

Oh, we what is me, coming from one to the other  
You see, you are there, you are sister, I am brother  
And so, all will see, we are only each other  
Some people want to make money  
Some people want to have fame and glory  
Oh, we what is me, always the same old story
