

They Don't Know

Quicksilver Messenger Service

Out on the herd, some talk today
Said I love the pretty road
I didn't have too much to say
Wanna talk it out with you, baby
They said our love is just a crazy dream
Ohh, I don't believe it
They could be right you know
They don't know
They don't love you so, ohh

Wanted to run away and hide
Crying like a baby
One more heartbreak in my life
Ohh, I don't need it
They said our love is just a losing game
Do you mean it anyway
They could be right you know
They don't know
They don't love you so, ohh

All of my friends say I'm a fool
Acting kind of crazy
Guess I'm still in love with you
Thank God getting hazy
Yes I love you till the end of time
Ohh, I need you, baby
They could be right you know
They don't know
They don't love you so, ohh
