

## Vera Cruz

### Quicksilver Messenger Service

Yes, I just love the way you walk  
Follow me, let me take you where it's warm and sweet  
I wanna give you something cool  
Let me show you how the sky opens like a rose  
Open up your eyes, everybody knows the time is fine in Vera Cruz

Where you and I don't have to say a word  
Where the diamond waters flow  
And there ain't nothing else to do  
But smile at the one that you're loving  
We'll be flying in the sun, cause time is fine in Vera Cruz

By the way, Vera Cruz ain't that far away  
It's much closer than a dream  
We ain't got no time to lose  
Take my hand, throw away your shoes, we'll be dancing in the sand  
Cause time is fine in Vera Cruz  
It's so fine in Vera Cruz  
Vera Cruz  
Time is fine in Vera Cruz
