

# Cheerful

Quidam

In a starlight chamber  
I close my eyes  
And fall asleep  
To find your love among the stars  
So far away  
Far far away

Now in the light of hundred smiles  
By thy rainbow of a new day  
In a blue plane in the sky  
Elf of dreams takes me away

Heavenly music is all we hear  
Our love is free  
Heavenly music is all we hear  
It plays for you and me

You give me light of a hundred smiles  
Paint the rainbow of new day  
In a blue plane in the sky  
Elf of dreams takes us away

When I wake again  
Touch me with your kiss  
Make me heart believe  
We're together not only in dreams
