Quiet Riot

Evil is surrounding  
Tells you the way to go  
The devil in the mountain  
Holds you a place below  
The guiltier you are  
The dark descends the light  
No other place to run  
There's no escape for you tonight

Hellbender  
The nightmares calling  
Survivals warning Surrender  
Hellbender  
The nightmares calling  
Survivals warning Surrender  
Hellbender

Unholy is the monster  
We never speak thy name  
Scarlet are the eyes of  
The Keeper of The Flame  
A sign across the sky  
The dark descends the light  
No other place to run  
There's no escape for you tonight

Hellbender  
The nightmares calling  
Survivals warning  
Surrender  
Hellbender  
The nightmares calling  
Survivals warning  
Surrender
