Even When I'm Gone

Quietdrive

There's a light in my heart that can't be contained
You knew right from the start, that there's no one here to blam
e
And my world it drifts apart from the one that remains
And we're not long for this place and we'll all be free from th
ese chains
So if I could write a song so you won't forget my name
A song so beautiful, I can get my wings

So send me off with your love, I'll fly like a dove
Into the sunset of my teenage adolescence
And if you're ever feeling alone
You know that I'll never forget you
Even when I'm gone

So you tell me that today is the day I'll pass away
Even though my heart is young, I will face this day with all
My gratitude and my humbleness, my bravery
I will open up the doors into the sky so I can ask God why

So send me off with your love, I'll fly like a dove
Into the sunset of my teenage adolescence
And if you're ever feeling alone
You know that I'll never forget you
Even when I'm gone

How long will you hold onto my photograph, oh no
How long will my memory last when my body's gone
How long, how long, how long will I stay for you, for you

So send me off with your love, with all of your love
With all of your love, with all of your love
Oh but if you're ever feeling alone
Know that I'll never forget you
Even when I'm gone

Even when I'm gone, even when I'm gone
Even when I'm gone, even when I'm gone
Even when I'm gone, even when I'm gone
Even when I'm gone, even when I'm gone
