

Step Away

Quietdrive

Many years ago you told me that you'd never walk away
Now it's a miracle that I've become this person that you hate
I don't know anymore, if I can stop or not
Jealousy, honestly, these things are all I've got

It's alright, I'm okay, don't need an explanation
Anymore, now that I took all my medication
If I don't wake up tomorrow, I hope I forget today
Cause I can see that you and me are done

I feel terrible, unnatural now that everything has changed
Like an animal, that's been pent up and locked inside a cage
You would think that by now, that I would want to be free
But if I had the choice I'd throw away the keys

It's alright, I'm okay, don't need an explanation
Anymore, now that I took all my medication
If I don't wake up tomorrow, I hope I forget today
Cause I can see that you and me are done

I used to want you to stay but now I want you to go
I don't need you to speak, I just need you to know
If you ever change your mind, you should stop
You should think, you should know
You can't go back in time

It's alright, I'm okay, don't need an explanation
Anymore, now that I took all my medication
If I don't wake up tomorrow, I hope I forget today
Cause I can see that you and me are done
